GOVERNOR JOHN SPELLMAN

I am happy to present the 1983 edition of the Washington State Data Book. It is a handy source of statistical information about our state and its government.

Special thanks are due to all in our state government, the federal government, local governments and the private sector whose help made this new edition possible.

DEDICATION

John R. Walker
1928-1983

In 1970, Washington was the first state to publish a comprehensive summary of its operations, population, and characteristics. Since then, many other states have followed Washington's lead. These documents have proven to be a valuable resource for citizens as well as state officials. Without the Data Book, many questions would have gone unanswered and other questions would have been costly to answer on a continuing basis. Not to be overlooked is that the Data Book says who we are -- Washingtonians.

John R. Walker was the individual responsible for creating the Washington State Data Book.

PREFACE

The purpose of the Washington State Data Book is to present in one volume a diversity of information on Washington, its people, economy, and government. The Data Book assembles in one reference document a wide range of statistical data, generated primarily by state and federal governmental agencies, specific to Washington. The information has been assembled into 12 major sections: Population, Economy, State Government Finance, Human Services, Criminal Justice, Education, Natural Resources, Environment, Energy, Transportation, County Summaries, and Cities. These sections were included in the Data Book because they contain information that is frequently demanded by a broad range of users.

It would be impossible to compile and publish the Washington State Data Book without the cooperation of the contributing agencies. Therefore, we would like to thank those agencies and their research staffs, both professional and clerical, who have supported this publication. Their names, addresses, and general information telephone numbers are listed at the end of this book.

Every effort is made to ensure the accuracy of the data used in this publication. However, due to frequent updates and changes, these data should not be cited as official agency information.

To assist us in producing improved editions in the future, please complete and return the user-comments form at the end of this publication.

TABLE OF CONTENTS

Chapter Page

I. POPULATION.................................... 1
Federal Census Population: 1880 to Present
Components of Population Change
Population by Age
Vital Statistics

II. ECONOMY.................................... 11
Personal Income
Inflation Indicators
Employment
Interest Rates
Labor Market Indicators
Housing Permits
Banking
Trade

III. STATE GOVERNMENT ORGANIZATION AND FINANCE........ 25
Organization Chart
Revenues and Expenditures By Agency and By Fund
State Employment

IV. HUMAN SERVICES.................................... 43
Income Assistance
Medical Assistance
Community Social Services
Health
Health Care Facilities
Human Rights
Unemployment Insurance
Employment Services
Vocational Rehabilitation
Veterans

V. CRIMINAL JUSTICE.................................... 67
Crimes and Arrests
Supreme Court
Correctional Institutions
Juvenile
Local Jails
Courts of Limited Jurisdiction
Court of Appeals

VI. EDUCATION.................................... 81
Public and Private Common Schools
Public and Private Four-Year Universities
Public Community Colleges
Vocational Education
G.E.D.

TABLE OF CONTENTS (CONTINUED)

---

[1] Department of Corrections.

[2] Total male and female commitments to prison and probation excluding parole returnees.

[3] Property Crimes classification also includes the violent crime of Robbery because data from the courts list it with Property Crimes.

[4] Excludes parole returnees.

[5] Judicial Decision to Imprison; percentage of total commitments sentenced to prison rather than probation by type of crime.

[1] Fiscal year ends on August 31 except prior to 1978 when the fiscal year ended on June 30.

[2] Beginning on January 1, 1975, regular property tax is collected by the state and is shown as a state fund. Local property tax shown for this and subsequent years is special levy revenue only.

[3] Fiscal year 1979 was beginning of basic education funding formula and property tax levy limits.

[4] Effective September 1, 1981, school districts no longer received County Real Estate Transaction Tax. The responsibility for collecting those revenues was transferred to the Washington State Department of Revenue. The funds continue to be used to support K-12 education.

[5] Fiscal year 1983 budget excluding extensions.

[1] Each program includes administration expenditures but not abatements.

[2] Fiscal year ends on August 31 except prior to 1978 when fiscal year ended on June 30.

[3] Estimated per budgets (not including extensions) and prorating administration expenditures on basis of 1982 actual prorations.

[4] Addition of special needs programs began in fiscal year 1980.

Note: The above totals contain revenue from local special levies, the federal government and other sources that do not flow through the state general fund.

[1] Educational Service Districts are regional agencies designed to provide and assist in the development of cooperative programs for local school districts, to act as consultants and advisors, and to assist the Superintendent of Public Instruction and the State Board of Education.

[2] Fiscal Year Ends June 30.

[3] Effective July 1, 1981 state payments were reduced and partially replaced by mandated and optional payments from local school districts.

[4] Other category began effective July 1, 1982.

RECREATION VEHICLES REGISTERED IN WASHINGTON

Calendar Year	Travel Trailers	Boat Trailers	Campers	Motor Homes[1]	Motorcycles	Off Road Vehicles	Snowmobiles
1974	92,205	109,637	57,752	NR	109,483	11,306	5,247
1975	95,755	114,430	60,532	416	109,528	11,035	11,940
1976	101,552	119,465	64,198	15,480	111,140	11,835	9,420
1977[2]	140,610	160,767	88,016	27,266	137,928	15,703	14,278
1978	105,471	119,086	63,860	16,794	106,103	13,148	14,632
1979	103,228	97,320[3]	61,187	28,997	129,641	12,756	12,748
1980	97,659	NR[3]	58,630	30,952	135,777	13,058	14,194
1981	96,336	NR[3]	58,521	34,526	139,843	15,898	13,250
1982	91,041	NR[3]	56,560	34,624	131,585	18,547	15,161

[1] Prior to late 1975, motor homes were registered as passenger cars.

[2] Registrations for 1977 are exaggerated by the unknown number of vehicles which were required to register twice in order to institute the revolving biennial registration system.

[3] Boat trailer registrations, identified as such, ended in September 1979. They are now registered as "personal" trailers and cannot be identified as recreation vehicles.

[1] The Dept. of Game plants the following varieties of trout: Rainbow, Brown, Cutthroat, Eastern Brook, Kokanee, Steelhead, Golden, and Mackinaw. Coho salmon are also included in these figures.

[2] Winter Run begins Nov. 1st and ends April 30 of the following year.

[3] Columns 1 through 5 are fiscal year rather than calendar year.

[1] Income per unit of energy is state personal income in current dollars divided by total energy consumption.

[2] Includes non-agricultural, commercial, governmental, and industrial uses of energy.

[3] Current dollars.

[4] State personal income in current dollars.

Yarrow Point, King	1959				
Yelm, Thurston	1924				
Zillah, Yakima	1911				647

[1] This table includes population data for all incorporated cities & towns in existence on December 1, 1981.

[2] Date of incorporation indicates date of first incorporation. Several cities & towns have been reincorporated after disincorporation. A few special instances of this kind have been covered by footnote. Great care has been taken to authenticate the date of original incorporation with the most reliable sources. It will be noted that there are certain discrepancies between the present compilation and those prepared by the Office of the Secretary of State and by the Association of Washington Cities.

[3] The census data has varied to a certain extent from one census to another. The date for the 1890 and 1900 censuses was June 1; for 1910, April 15; for 1920, January 1; and for 1930 thru 1980, April 1.

[4] Auburn originally incorporated as Slaughter; name changed in 1893.

[5] Population indicated for Bellingham in 1890 represents sum of populations of Fairhaven (4,076) and Whatcom (4,059) in the 1890 census report. The figure for 1900 was derived in the same manner. Name of Whatcom subsequently changed to New Whatcom. Fairhaven & New Whatcom were consolidated in 1903 to form Bellingham.

[6] Carnation originally incorporated as Tolt; name changed in 1951.

[7] No population figure published for Colton in 1890. In a few instances, the precise date of incorporation of a municipality may be ambiguous. For example, the certificate of election to incorporate Colton was filed in 1890 although a certified copy of order of incorporation was not issued until 1893.

[8] Du Pont originally incorporated in 1912, disincorporated in 1926, and reincorporated in 1951.

[9] Issaquah originally incorporated as Gilman; name changed in 1899.

[10] Kalama disincorporated and reincorporated in 1890.

[11] Houghton and Kirkland consolidated as of August 1, 1968 under the name of Kirkland. The population of Houghton in 1950 and 1960 is included with the figures shown for Kirkland on these dates.

[12] Kittitas was not incorporated until 1931, but the Census Bureau listed population figures for Kittitas in 1920 and 1930. These figures have not been included in the present table. Although LaCrosse was incorporated in 1917, the Census Bureau did not determine separately the population of LaCrosse in 1920. Selah was incorporated in 1919, but no population figure was indicated in the census reports for 1920.

[13] La Conner disincorporated in 1886 and reincorporated in 1890.

[14] The population figures in the published Federal Census reports for Medical Lake include improperly the residents of Eastern State Hospital (established in 1891) and Lakeland Village (established as a separate

institution in 1915), before these institutions were actually annexed to the municipality of Medical Lake in 1947. An attempt was made by the Bureau of the Census to correct the population figures for 1910, 1920, 1930 and 1940, but apparently these adjustments did not entirely eliminate the errors in the original figures. Accordingly, the figures from 1910 to 1940 must be considered unreliable.

[15] Mercer Island Town annexed to Mercer Island City, June 1, 1970.

[16] Palouse originally incorporated as Palouse City; name changed in 1894.

[17] Port Orchard originally incorporated as Sidney; name changed in 1903.

[18] Richland originally incorporated in 1910. In 1943 it was completely replaced by a much larger planned community, the main residential area for the newly constructed center for manufacturing plutonium. The population of the old town of Richland never exceeded 279. It was dissolved as a corporate town in 1948. When the new community of Richland was incorporated in 1958, it had a population of over 20,000.

[19] Spokane originally incorporated as Spokane Falls; name changed in 1890.

[20] The city of Tacoma, later referred to as "old" Tacoma, incorporated in 1875. New Tacoma, a separate municipality, incorporated in 1881. In 1884 "old" Tacoma & New Tacoma were consolidated as Tacoma.

[21] Tumwater originally incorporated in 1869, disincorporated in 1877, and reincorporated in 1883.

[22] Union Gap originally incorporated as Yakima City; name changed in 1905.

[23] Vader originally incorporated as Little Falls; name changed in 1913.

[24] Although incorporated before the official census date (June 1), no figure was indicated separately in the 1890 census for the town of Winlock. The population for Winlock precinct was given as 877.

[25] Yakima originally incorporated as North Yakima; name changed in 1918.

[26] Westlake annexed to Moses Lake, July 5, 1972.

STATE COLLECTED REVENUES FOR DISTRIBUTION TO INCORPORATED CITIES/TOWNS AND DISTRICTS BY STATE TREASURER-- FY 1983
